

KOP 1 Viewshed and Visual Simulations

View to the north-northeast from a point above the path of Pāhoa-Pohoiki Road, which was destroyed during the 2018 Lower Puna eruption. Existing OECs are visible in the right portion of the view, as close as 1/3-mile away.

View from Viewpoint 1 with Phase 1 of the Proposed Action simulated and existing OECs removed.

View from Viewpoint 1 with Phases 1 and 2 of the Proposed Action simulated.
